For more than a decade, PAS Report No. 483/484, Planning for Post-Disaster Recovery and Reconstruction, has served as the major resource to which planners and emergency managers turn for basic principles and policies governing the practice of planning for long-term community recovery after disasters. Thousands of copies have circulated nationwide and around the world.

Planning for Post-Disaster Recovery: Next Generation

Emergency management is the organization and management of the resources and responsibilities for dealing with all humanitarian aspects of emergencies (preparedness, response, mitigation, and recovery). The aim is to reduce the harmful effects of all hazards, including disasters.. The World Health Organization defines an emergency as the state in which normal procedures are interrupted, and ...
