### **Unit 4 Intrapersonal and Interpersonal Communication**

In simple terms, interpersonal communication is the communication between one person and another (or others). It is often referred to as face-to-face communication between two (or more) people. Both verbal and nonverbal communication, or body language, play a part in how one person understands another. In verbal interpersonal communication there are two types of messages being sent: a content ...

Nonverbal communication (NVC) is sending and receiving wordless messages. Language is not the only way to communicate, there are other means. Much nonverbal communication is unconscious: it happens without thinking about it.. NVC can use gestures and touch, body language or posture, facial expression and eye contact.NVC can be communicated through objects such as clothing and hairstyles.
