The Chopin nocturnes consist of 21 pieces for solo piano written by Frédéric Chopin between 1827 and 1846. They are generally considered among the finest short solo works for the instrument and hold an important place in contemporary concert repertoire. Although Chopin did not invent the nocturne, he popularized and expanded on it, building on the form developed by Irish composer John Field.

In 1877 the painter James McNeill Whistler initiated an action for libel against the critic John Ruskin, who had defamed Whistler and his paintings in print. The legal outcome of the resulting trial was a technical verdict for Whistler, but with damages of just one farthing and no award of costs – satisfied nobody and represents a turning point in the principal antagonists' lives.

Etimologia. L'origine del termine "concerto" ha sempre suscitato discussioni tra i musicologi. Già nel Cinquecento la parola veniva fatta risalire a due diverse parole latine: la prima concertatum (dal verbo concertare, cioè "combattere, gareggiare") e la seconda da consertum (dal verbo conserere, traducibile con intrecciare, annodare, ma anche in alcuni contesti, con litigare).
