Luck is the concept that defines the experience of notably positive, negative, or improbable events. The naturalistic interpretation is that positive and negative events happen all the time in human lives, both due to random and non-random natural and artificial processes, and that even improbable events can happen by random chance. In this view, being "lucky" or "unlucky" is simply a ...

Babylon 5 (1993–1998), created by J. Michael Straczynski, is a science fiction television epic about Babylon 5, an Earth-governed space station built to promote harmony between interstellar civilizations. It is unusual in its focus on a story arc which dominates the events through its five-year run.
