Supply. A supply is the procurement, distribution, maintenance while in storage and salvage of supplies, including the determination of kind and quantity of supplies. The producer phase of a military supply extends from determination of procurement schedules to acceptance of finished supplies by the military services. The consumer phase of a military supply extends from receipt of finished ...

Supply Chain Management (SCM), in recent years, has received increased attention from both academicians and managers. Managing a supply chain implies the integrated management of a network of entities, that begins with the suppliers' suppliers and ends with the customers' customers, for the production of products and services to the end consumers.
