Proposed Syllabus For B.Tech Program in Information Technology

2. TYPICAL TRANSISTOR CIRCUIT- This is a silicon transistor circuit showing typical voltage values. When the forward base/emitter voltage is 0.6 to 0.7 V, the transistor is silicon. Germanium transistors will have a forward base/emitter bias voltage of 0.2 to 0.3 V This is a silicon transistor because 2.6 base volts minus 1.9 emitter volts equal a forward bias of 0.7 volts indicating a silicon ...

Most of the electronic circuits used in Circuitstoday.com have different applications of the transformer.

Therefore, it is important to know the working principle, construction and types of transformers used in different analog circuits.

Transformer Basics-Working principle,Construction,Types

Sir, I am having the below mentioned phone set which went out of order recently, i tried to get the circuit diagram and other service manual to get this repaired.

ePanorama - Software and tools section. The Hardware Book v1.3 The Hardware Book contains miscellaneous technical information about computers and other electronic devices. Electronics Assistant Electronics Assistant is a small program designed to perform basic electronics-related calculations. It includes a resistor colour code calculator, resistor, capacitor and potential divider calculators ...

ePanorama - software and tools for electronics design

When you think of leaders in the computing industry, your first thoughts probably turn to companies like Apple, Microsoft, and IBM. But flash back a few decades, and the leaders of those companies all would've gladly bowed down to Digital Equipment Corporation, or DEC, who began paving the way for everyone starting in 1957.

DEC & Digital Equipment Corporation: Where Did They Go

A simulation is an approximate imitation of the operation of a process or system; the act of simulating first requires a model is developed. This model is a well-defined description of the simulated subject, and represents its key characteristics, such as its behaviour, functions and abstract or physical properties.

Simulation - Wikipedia

Biotechnology Minor. Coordinator: Dr. Lee Newman. The minor in biotechnology is for students who wish to add knowledge of biotechnology theories and methodologies to the experiences and qualifications gained from their undergraduate program.
